BENEFITS

Adjustable, to personalize the sauna environment

MOOD Accessories

INCLUDED

**THERMOHYGROMETER
& SAND GLASS**

INCLUDED

BUCKET & LADLE

INCLUDED

HEAD & BACKREST

Health

MOOD

Finnish vs Biosauna

FINNISH SAUNA

Temperature up to 90°C - Humidity lower than 12%.

WHAT IS IT? It is the traditional sauna, also referred to as a “dry sauna.” Nothing is more effective for eliminating nervous tension and reducing anxiety, because the sauna stimulates natural rebalancing of psychophysical states.

- BENEFITS**
- It cleanses the skin, speeds up the metabolism, reinforces the immune system.
 - It is beneficial also to the peripheral circulatory system.

BIOAUNA

Temperature ~60°C - Humidity 30-35%

WHAT IS IT? It allows you to enjoy a pleasant sauna, without extensive effort and provides the opportunity to breathe in the aromatic oils; it is particularly recommended for those who cannot tolerate the aerobic effort that the dry heat sauna demands

- BENEFITS**
- Detoxification powers
 - Positively influences the mind and body
 - You can always switch to Finnish sauna mode.

MOOD Aromatherapy

| Essence | | Effect |
|------------|---|---|
| Lavender |  | Stimulates relaxation, cheerfulness, good sleep |
| Rosemary |  | Sharpens attention |
| Mint |  | Awakens and invigorates |
| Rose |  | Bring calm and balance |
| Tuberose |  | Accentuates sensuality |
| Citronella |  | Encourages concentration |
| Incense |  | Gently calming |

BIOSAUNA

AROMATHERAPY

WHAT IS IT?

It is an aroma therapeutic treatment performed through essences that gives energy to the organism. The essences act through the sense of smell, positively influencing the psycho-emotional sphere: the perfume of the essential oils creates a sensation of wellbeing, improving the quality of life and harmonizing our emotional states

BENEFITS

The beneficial effect is all-encompassing.

TIPS

Perfect when using the Biosauna. Do not pour the essences directly on the stones but use the essences container

Performance

MOOD

Material 1/2

Mood M LH version

TOTAL HEMLOCK

Wall panels/benches/floor/accessories

WHAT IS IT? The wood plays a key role in creating a pleasant climate inside the sauna. The durable knot-free wood of the Canadian hemlock pine is best suited for saunas

- BENEFITS**
- It does not warp, even under the most extreme conditions
 - It gives off an even heat
-

WALL PANEL INSULATION

WHAT IS IT? Rock wool + Hemlock wood
68 mm wall panel thickness

BENEFITS The best insulation and for an efficient energy use

MOOD

Material 2/2

TEMPERED GLASS

Door and front panel

WHAT IS IT? Transparent tempered glass of 8 mm of thickness

BENEFITS

- Structural strength and high insulation
 - Allows the passage of light and provides an open view
-

HEAVY DUTY HINGES

WHAT IS IT? High strength hinges made of stainless steel

BENEFITS High performance of door installation

MOOD Heater

WALL MOUNTED HEATER

WHAT IS IT?

Professional heater that can remain in operation up to 12 consecutive hours.
The stones you find in the sauna heater are made of a natural mineral called "peridotite"

BENEFITS

The heater can be for Finnish sauna or for both Finnish and Biosauna

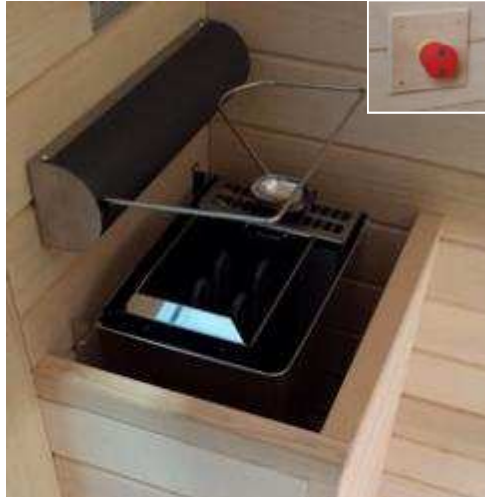

TIPS

Do not place the stones in layers! Always leave space between stones, so that hot air coming from below can circulate freely

MOOD

Optional

OPTIONAL

PROFESSIONAL KIT

WHAT IS IT?

COVER GUARD: this device can be installed to prevent the heater from starting when items are left on top of it

ALARM BUTTON: by pressing this button the stove automatically shut off

BENEFITS

Safe sauna, peace of mind

TIPS

To be installed in public areas

OPTIONAL

SPEAKERS

WHAT IS IT?

Loud Speakers to be connected to the standard cable radio. Installed under the lower bench

BENEFITS

During your relaxing moments, add pleasure to your well-being and listen to the music

OPTIONAL

EXTRA SIDE PANEL

WHAT IS IT?

It is an extra wall panel to be installed for the back to wall installation
